

ROOSEVELT SAYS CAMPAIGN IS OVER

DICTATES STATEMENT IN WHICH
HE CLAIMS OVER 500 DELE-
GATES.

Makes Charge That Taft Approved of
His Action in Brownsville In-
cident—Says Wall Street Papers Op-
pose Him.

Dayton, O., May 15.—In the
opinion of Theodore Roosevelt, the
campaign for the Republican nomi-
nation for president, has now been
decided. He dictated this statement
tonight:

"The number of delegates neces-
sary to nominate is 539. Of these
delegates already elected, without
counting the contested delegates, I
have more than 500. Of the dele-
gates yet to be elected I am confident
I will receive enough to insure my
nomination on the first ballot."

Col. Roosevelt's claim was based
upon a tablet of delegates prepared
by his secretary. The tablet, he adds,
did not take into consideration the
chances of obtaining delegates from
Ohio or New Jersey.

Col. Roosevelt began the second
day of his Ohio campaign at Elyria,
and ended it at Dayton tonight. He
delivered fifteen speeches during the
day to large crowds. At Springfield
he criticized President Taft.

"A certain Lorimer congressman
from Illinois," he said, "who is sup-
porting Mr. Taft, as is his chief, has
come into Ohio bringing a number of
members of the two companies of the
colored regiment which were dis-
charged on account of the riot at
Brownsville. These men are brought
here by the Taft managers to try to
get our colored fellow citizens to
vote against me."

"I always accept full responsibility
for what I do. I did take the action
at Brownsville and my judgment in
taking it has been ratified repeat-
edly. I acted on the recommendation
of President Taft when he was my
secretary of war. I accept the full
responsibility for what I did and I
do not intend that he shall shrink the
responsibility for what he did."

In several speeches the colonel
charged that he was being oppressed
in his campaign by Democrats as well
as by members of his own party. He
also said that several of the large
newspapers in the east were oppos-
ing him at the behest of Wall
street.

The colonel appealed in several
speeches to the farmers, saying that
it was their fight and not his. He re-
plied to President Taft's remarks
about his position in regard to the
Canadian railway bill and again
declared his intention of making no
personal attack upon Mr. Taft.

On his arrival here he went to the
soldiers home and addressed the
veterans there. In the evening he
spoke to a large crowd in Memorial
Hall. He repeated his address in de-
fense of his proposal for a referen-
dum upon certain classes of judicial
decisions.

After his speech here Col. Roose-
velt left for Greenville, where he is
to speak tomorrow.

The colonel said today that Com-
ptroller William Prendergast of New
York would make the nominating
speech for him at the Chicago con-
vention.

SUIT AGAINST SUGAR TRUST

Sharp Clashes Between Opposing
Counsel in Second Day's Proceed-
ings of Government's Suit.

New York, May 15.—The second
day's hearing of testimony in the
government's suit for dissolution of
the American Sugar Refining com-
pany developed today into further
clashes between the opposing sides
over the government's efforts to
probe conditions in the sugar indus-
try prior to the passage, in 1890,
of the Sherman anti-trust law, with
violation of which the defendants
are charged.

Two witnesses were called by the
government. Wallace P. Miller,
publisher of a sugar trade journal,
continued testimony which he be-
gan yesterday as to the production
and marketing of sugar as far back
as thirty years. Then Ernest W.
Gerbracht, under sentence to serve
two years in the Atlanta peniten-
tiary for participation in under-
weighing frauds on the customs
docks while superintendent at the
Williamsburg refinery of the Amer-
ican Refining company, was called.
He told of alleged arguments as to
output and prices when he was su-
perintendent of the Havana over-
sight of the profits made by
those interested. It was in the
questioning of Gerbracht that the
clashes of the lawyers took place.
His testimony was not finished when
the hearing adjourned until tomor-
row.

HARMON GIVES ANSWER TO BRYAN

DEFIES CERTAIN STATEMENTS
ATTRIBUTED TO HIM BY NE-
BRASKAN.

Ohio Governor Says He Will Get
Out of the Way in Presidential
Race if Any Official Action of His
Not in Favor of the People Can
Be Shown.

Akron, Ohio, May 15.—In the
third speech of his Ohio campaign,
Governor Harmon to night denied
he said that William J. Bryan had
offered him a cabinet position in
case of Mr. Bryan's election. Har-
mon also denied saying that Bryan
wished to have him nominated at
St. Louis in 1904.

"He chooses to understand that I
said he promised me a place in his
cabinet," the governor said, "I did
not say so and my language does
not bear that construction. He told
various persons he meant, if elect-
ed, to offer me a cabinet position. I
never heard of it until after his de-
feat."

"I mention this to show that he
did not then consider me unfit for
office from constable up. Nor did I
say he wished to have me nomi-
nated at St. Louis in 1904. I simply
stated the fact that he offered to
put me before the convention as a
candidate if the Ohio delegation
would reverse its decision not to
have my name presented. Now if,
as Mr. Bryan says, he was really
opposed to my nomination, he meant
to use me to further some hidden
design of his own. Is he now back-
ing Wilson in Ohio in the same way,
I say again that I will get out of
Mr. Bryan's way if he will point
out a single instance of official ac-
tion by me which was in any inter-
est, but that of the people."

Col. Roosevelt's claim was based
upon a tablet of delegates prepared

THREE M. E. BISHOPS RETIRE FROM WORK

BISHOPS WARREN, MOORE AND
NEELEY TO BE SUPERAN-
NUATED.

Conference at Minneapolis So De-
cides By Decisive Vote—Dramatic
Scene Follows Announcement—
Episcopacy Committee Report
Soon Ready.

Minneapolis, Minn., May 15.—
Bishops Henry W. Warren of Den-
ver, David H. Moore of Cincinnati,
and Thomas H. Neeley of New Or-
leans with the close of the present
general conference of the Methodist
Episcopal church will retire from ac-
tive work.

The delegates decided by vote to
day that the three bishops be placed
on the superannuated list.

The vote was:
Bishop Warren, for retirement,
449; against, 244.

Bishop Moore, for retirement,
496; against, 297.

With the passing of Bishop War-
ren, there comes to an end 57 years
of active ministerial work. Bishop
Moore who attained the rank of
lieutenant colonel during the Civil
War, has been in the ministry since
1860 and has been in his present of-
fice twelve years.

Bishop Neeley entered the minis-
try in 1865 and has held the office
of bishop for eight years.

Applause, hisses and tears follow-
ed in succession during the proceed-
ings. As a climax some persons
started the song "Blessed Be the Tie
That Binds," and in a moment the
gathering was on its feet joining in
the song.

What effect the retirement of the
three bishops will have on the elec-
tion of new members probably will
be made known tomorrow as it is
expected that the Episcopacy com-
mittee will report then concerning the
number recommended for election.

The night session was given over
to the Epworth League representa-
tives, addresses being made by Bish-
op Neulen of Omaha, Neb., Rev. J.
Chilmar of India, Dr. John Butler
of Mexico City, and Dr. Edwin M.
Randall, general secretary.

BELIEVES HE SAW TITANIC SINK

Third Officer of Californian Tells
Commission His Opinion About
Disaster—Captain of Mt. Temple
Was Also Examined.

London, May 15.—At least one of-
ficer of the Leyland liner Californian
believes the Californian was in the
vicinity of the Titanic the night the
White Star liner went down, and
that, although he did not know it,
he actually saw her sink as the
light of the vessel they were watch-
ing disappeared.

Charles Grove, third officer of the
Californian, so testified in the course
of today's board of inquiry. His
fellow officers, however, with him,
but from the remarks of Lord
McCarthy, the president of the commis-
sion, concurs in his belief of Grove.

Evans, the wireless operator of the
Californian, also testified today that
he told the captain of the night of
the disaster that he believed the Ti-
tanic was near the Californian, judg-
ing from the strength of her signals.

The commission concluded the evi-
dence of the officers of the Californian
and then examined the captain and
the wireless operator of the Cana-
dian Pacific Railroad company's
steamer Mount Temple.

The operator reconstructed the
story of the sinking of the Titanic
from the messages he heard passing
between the doomed vessel and other
steamers.

New York, May 15.—A message
received late today by the White
Star Line from the Steamer Oceanic
enroute to New York, reported the
picking up by the liner of a collapsi-
ble boat from the sunken Titanic
containing three bodies.

The message from the Oceanic
reads:
"May 13, latitude 30.56 (39.56?)
North, longitude 47.01 west, picked
up collapsible boat containing three
bodies. Committed same to deep.
One apparently Thomas Beattie,
passenger; one sailor; one fireman,
both unidentified; also coat with
letters in, addressed Richard N.
Williams; one cane, Duane Williams.
A ring also in boat, inscription 'Ed-
ward and Gerda.'"

Commander.
The collapsible boat referred to, it
was stated at the White Star of-
fices here is the one mentioned by
Officer Lowe in his testimony before
the senate committee, from which he
took into his boat twenty men and
one woman, leaving three dead per-
sons.

WILL BE GREAT PAGEANT.
Chicago, May 16.—Campaigning
for a representation of the world's
swiftest boats at the naval regatta
and water carnival here August 10
to 17, Thomas J. Noonan, represent-
ing the Associated Yacht and Pow-
er Boat Clubs of America to day
left for the Pacific coast to procure
entries of hydroplanes. Commodore
W. H. Thompson of the same or-
ganization is now on the way to
Europe on a similar quest. En-
tries so far received indicate that
the races will be the most extensive
ever held.

VALUABLE RING IS MISSING

Mrs. Edward Wiley, Society Leader
of Chicago, Is Missing Beautiful
Diamond—Missing Since Card
Party.

Chicago, May 15.—South Side so-
ciety arched its eyebrows today when
Mrs. Edward N. Wiley complained
to the police that one of her diamond
rings, valued at \$1,000, was stolen
three weeks ago while she was giving
an afternoon card party.

The disappearance of the ring was
not noted until the day after the
party. Then Mrs. Wiley instituted
a thorough search for the ring, hop-
ing it only had been misplaced. But
it was not found. She turned to the
police to assist her when every source
for recovering the ring had been re-
sorted to unsuccessfully.

Mrs. Wiley tonight refused to say
whether she suspected anyone of the
theft.

A. P. McCULLOUGH IS GRANTED DIVORCE

Testimony Showed That Mrs. McCul-
lough and Count De Baurf Were
on Intimate Terms.

Chicago, May 15.—Allen Porter
McCullough obtained a divorce from
Mary Louise McCullough in Superior
Judge Burke's court today after Mc-
Cullough had testified that Count
Alexander DeBaurf, who recently
was sued for divorce by the former
Miss Irma Killiam, daughter of a
wealthy Chicago steel manufacturer,
had visited Mrs. McCullough in her
apartments.

McCullough testified that the count
and Mrs. McCullough were in each
others company before he and Mrs.
McCullough parted. Later, Mrs.
McCullough testified, he went to the vicin-
ity of his wife's apartments and met
the count as he was leaving at 2
o'clock in the morning. A fight fol-
lowed and McCullough was arrested.

The assault charge was dropped.
The deposition of Frank Pascoe,
formerly valet to the count, said Mrs.
McCullough frequently called the
count on the telephone, and that she
had been in his apartments.

ATTACK IS NEAR.
Federal Forces Are Advancing North
Rapidly.

At General Orozco's Headquarters,
Jimenez, Mex., May 15.—Scouts re-
ported tonight at General Orozco
that the federal forces are advancing
rapidly northward and probably will
attack at daybreak.

The vanguard of the government
troops under General Tellos already
is ten miles north of Yermo, while
the main columns under General
Huerta are only three miles behind.

The front of the rebel forces under
General Balazar is at Asunso and
Escalon, 1 and 45 miles respectively,
south of here. The main columns
are at Bellano six miles behind.

Between the rebel front and the
advancing federals are only twenty-
seven miles. The federals the ex-
pected to have covered this distance
by tomorrow, as they have been ad-
vancing by night.

Bellano is likely to be the scene of
the fight as the insurgents have ex-
cellent fortifications there. The rebel
vanguard probably will retire to non-
lano, drawing the federals after them.

WEST VIRGINIA REPUBLICANS.
Wheeling, W. Va., May 15.—A
special train carrying delegates left
here to night for Huntington,
where the Republican state conven-
tion will be held tomorrow. A pre-
ponderance of delegates instructed
for Roosevelt at the county pri-
maries held in March and April is
expected make the work of the con-
vention light. Nine hundred and
twenty-three delegates are entitled
to votes and of this number 690 are
placed in the "Roosevelt" column,
while 38 are contested.

DONOHUE BILL IS NOW UP TO DENEEN

M. W. A. RATE MEASURE PASS-
ED HOUSE BY VOTE OF 91
TO 3.

Proceedings Again Held Up by
O'Neill Brown to Insure Passage
of Mileage Bill—Members Agree
to Return Next Wednesday.

Springfield, Ill., May 15.—After
the two houses of the forty-seventh
general assembly had re-established
working arrangements to day by the
senate's passage, at its morning ses-
sion, of the postage and mileage
appropriation bill, a portion of the
house membership became suspi-
cious and at its afternoon session
again tied up the business of the
two special sessions by refusing to
pass the various appropriation bills
pending before it.

In order to insure the passage of
their bill first, the postage and
mileage "insurgents," led by Rep-
resentative Lee O'Neill Browne of
Ottawa, accomplished the defeat of
the \$35,000 appropriation for the
automobile department by refusing
to give it their votes. At the con-
clusion of the roll call, when it was
apparent that there was a concerted
effort on the part of a large num-
ber of members present to hold up
the appropriation bills, Chairman
Shanahan of the appropriations
committee moved to postpone fur-
ther consideration.

He vehemently declared that it
would be useless to call on the other
appropriation bills at this time, as
it was apparent they would receive
similar treatment.

Order finally was brought out of
the chaotic situation by an agree-
ment among the members to return
next Wednesday for the purpose of
passing the appropriation measures.

In the meantime the mileage bill,
passed by the senate to day and ad-
vanced in the house without refer-
ence to a committee, will be read a
second time in a perfunctory session
tomorrow and be in readiness for
passage the first thing next Wednes-
day.

Just prior to defeating the auto-
mobile appropriation, the house, by
a vote of 91 to 3, concurred in the
senate amendments to the Donohue
bill.

With a referendum clause the
Woodmen measure is now up to
Governor Deneen for approval.
Passed without an emergency clause
it cannot become effective until July
1, next.

**CHIEF WITNESS IN ARCHBOLD CASE DE-
NOUNCES BOLAND IN STRONG TERMS.**

Washington, May 15.—Edward J.
Williams of Scranton, Pa., chief
of witness so far in the house judiciary
committee's investigation, of an al-
leged coal land transaction between
Judge Robert W. Archbald, of the
supreme court and the Erie rail-
road, furnished a sensation at today's
hearing when he denounced William
B. Boland, also of Scranton, the
author of the charges against the
jurist as "a traitor, a cut-throat and
a dangerous man."

Boland, who sat within arms'
length also was charged by Williams
with having "doped" a lawyer
in Scranton to get certain infor-
mation. By the time the stir was over
Williams had further complicated
his testimony. He repudiated a let-
ter signed by him and sent to Vice-
president Conn of the Laurel Lino,
who had contracted to buy the Katy-
did culm bank from Williams and
Archbald after they had secured an
option upon it from the Erie.

A photograph of the letter is in
possession of the department of jus-
tice, but Conn testified it had never
been out of his possession and that
he had not been a party to photo-
graphing it.

A reference in the letter "to a
party with whom you have been
dealing," was construed to mean
Judge Archbald.

Attorney Worthington for the
judge, sought to bring out an infer-
ence that Boland had inspired the
letter and photographed it before it
was sent to Conn but Williams de-
clared he had never seen it, notwith-
standing that the signature was his.

Conn testified that in a letter
which Williams had written to him
on March 13, 1911, reference was
made to "the party who had been
dealing with you," and that he be-
lieved it referred to Judge Arch-
bald. He told of making an offer for
the Katy-did culm bank to Judge
Archbald and said the judge later
called upon him at his office. Conn
will probably continue on the stand
tomorrow.

CHAIRMAN ARRIVES.
Chicago, May 15.—Col. Harry S.
New, chairman of the Republican na-
tional committee, arrived here to-
day on the special train.

The work of the convention, se-
lecting delegates' headquarters and
making other plans, is far behind
what it was four years ago," he said.
"Then we knew six weeks before the
convention just what was doing.
Lively times are coming, and there
should be good newspaper copy from
now on."

Col. New also predicted a bright
future for women suffrage. He said
it was his belief that women would
get the ballot eventually.

BLOODHOUND SEEK TRAIN ROBBERS

TWO HELD UP SOUTHERN EX-
PRESS CAR AND RIFLED IT.

Estimates of Loot Secured Vary
From \$35,000 to \$200,000—Com-
pany Has Made No Statement of
Losses.

Hattiesburg, Miss., May 15.—Pos-
ses with bloodhounds are to night
continuing their search for the two
highwaymen who held up and rob-
bed the express car of the New Or-
leans-New York passenger train on
the New Orleans and Northeastern
railroad early to day near Okoloba,
eight miles south of here. The dogs
followed the track of the robbers to
the junction of the New Orleans
and Northeastern railway and a
branch road where the trail was
lost. It is believed the men boarded
a train at this point.

As to the loot the robbers secured,
reports vary all the way from
\$35,000 to \$200,000. The South-
ern Express company officials to day
declined to give an approximate
estimate of the loss.

COLLECTING EVIDENCE
Government Lays Foundation to
Prove That Absorption of Ten-
nessee Coal & Iron Co. Was Il-
legal.

New York, May 15.—Taking the
testimony of John A. Topping, chair-
man of the Republic Iron and Steel
company, the government lawyers in
the suit to dissolve the United States
Steel corporation under the Sher-
man anti-trust act laid the founda-
tion today of evidence by which they
hope to prove that the absorption of
the Tennessee coal and iron company
by the corporation during the finan-
cial panic of 1907 was illegal.

While much that Mr. Topping tes-
tified to was a repetition of what he
told the Stanley steel investigating
committee last summer, he added
some interesting information.

The steel corporation, although
admitting that the Tennessee coal
and iron company was able to pro-
duce pig-iron cheaper than the north-
eastern furnaces maintains that owing
to high freight rates the company
could not successfully compete in the
northern market and was an unim-
portant competitor. Mr. Topping's
evidence was not in support of this
claim. He was taken through the de-
tails of the transactions leading to
the acquisition of the company of a
syndicate of financiers and said the
syndicate originally had no intention
of selling the property, its purpose
being to make money out of it by
developing it. The witness stated
that Grant B. Schley had made over-
tures for the sale of its holdings to
Lewis Cass Ledyard, the lawyer who
finally negotiated the deal for the
corporation.

Did you hear or learn that Judge
Gary Ledyard, frick or the steel
corporation did anything to bring
about the situation that required the
sale of this stock? counsel for the de-
fense asked.

"I did not, and I do not now be-
lieve that anything like that was
done," Mr. Topping said.

To tell of the various meetings of
financiers to check the panic and was
asked if at one of these meetings, H.
C. Frick or any other person had
brought pressure to bear to force
the sale of the company stocks.

The witness also testified briefly
on the subject of alleged excessive
freight rates on the

VILLAGE BOARD MET

Trustees of South Jacksonville Held Adjourned Meeting Wednesday Night.

The village board of South Jacksonville held an adjourned meeting Wednesday night at Hein's greenhouse, with all members present and Present Weber in the chair. E. M. Henderson, city engineer, was present by invitation that the board might confer with him regarding preliminary surveys for sidewalks. Arrangements were made for a preliminary survey on South Main street, the same to be reported at the next meeting.

Ordinances for sidewalks on South Main street, both sides, on South West street to Pennsylvania avenue, and on Pennsylvania avenue to South Main street, were read and discussed. An ordinance also was ordered drawn for the building of sidewalk on the south side of the Vandalla road, leading from South Main street to the C. & A. railroad.

The Buccaneers. Originally, buccaneers were peaceful English, French and Dutch settlers in the Spanish West Indies, and they received their name on account of their custom of drying their meat in the Indian fashion, on a buccan, or hurdle. The Spaniards resented strongly the intrusion of these foreigners and made many attempts to oust them, but the buccaneers were a hardy set of men and crick shots with the musket, so they successfully resisted all the Spaniards' attacks and obstinately remained in the islands. What it was that caused the buccaneers to abandon their comparatively peaceful mode of living and take to piracy it is hard to say. Possibly the constant harrying to which they were subjected by the Spaniards prompted them to retaliate; but, whatever the reason, their depredations soon rendered the passage of the Caribbean sea an undulating of extreme danger to merchantmen, and the word buccaneer has come down as a synonym for robbery, murder and all the vices.

Goethe's Birthday. In August, 1818, Goethe went to Christburg for the cure and placed himself under the care of Dr. Reibheim. One morning when he rose he requested Charles, his domestic, to place a bottle of red wine and a glass in each of the two windows in the room.

Then the poet walked round and round the apartment, stopping at each window to drink a glass of wine. When he had nearly emptied the bottles the doctor arrived. "Ah," said Goethe, "you are come. Do you know it is my birthday?" "No," said the doctor, "it is not your birthday. It falls tomorrow."

Only the production of the almanac could convince Goethe that he was a day out in his reckoning. When he discovered his mistake he gave vent to a strong expression and, after a long pause, turning to the doctor, said, "Then I have got drunk for nothing."

Beware of Cousins. Cousins are not as simple as they seem. The very fact of being a cousin or having a cousin is complicated. The falsest faith of cousinship is both eluding and deluding. Cousins will be cousins even if you did not choose them. They can borrow money from you, visit you without being asked, tell people they belong to your family, contest your will, even fall in love with you, and a cousin once removed is twice as apt to. Never completely trust a cousin; never depend on his not doing any of these things; never take him for granted. The "cousinly kiss" may or may not mean what it means, and cousins always do kiss. It's part of being cousins.

Not that cousins need necessarily prove perfidious. Once in a blue moon they invite you to Europe or leave you money, but that almost takes an aunt or uncle—Atlantic.

PLIGHT TROTH IN PRETTY HOME RITE

Miss Carlena Bertha Goebel Becomes the Bride of Mr. Thomas Ewing Miller of Chicago—Marriage Performed by Father of Groom.

A home wedding, marked with simplicity and beauty, took place Wednesday evening at 8:30 o'clock, at the residence of Mrs. Catherine Goebel, 1425 South Main street, when her daughter, Miss Lena Goebel, became the bride of Mr. Thomas Ewing Miller of Chicago. The ceremony was held in the presence of one hundred and fifty relatives and friends by Rev. Jasper Miller, pastor of the Methodist Episcopal church of Charleston, father of the groom, assisted by Dr. A. B. Morey of this city.

The Goebel home was exquisitely decorated for the occasion, a color scheme of green and white being carried out in the various rooms. In the front parlor where the ceremony was held there was a large embankment of ferns, palms, intermingled with smilax and beautiful roses. Smilax was also used profusely on the chandeliers and windows. In the living room yellow roses and smilax were used in the same decorations prevailing in the back parlor.

Preceding the ceremony Miss Irene Thompson gave two violin selections, "To a Wild Rose," by E. MacDowell, and "Trauerlied," by Schumann. They were played with splendid interpretation. Following this Miss Ruth Leach sang "Because I Love You, Dear," by C. B. Hawley, and "Oh, Promise Me," by R. DeKoven. Miss Leach's singing was most artistic and she was heard with especial pleasure. Mrs. W. G. Goebel acted as pianist of the evening.

When the wedding march from Lohengrin was begun the bridal party appeared, entrance being made from the living room. The first to appear were the ribbon bearers, Miss Tillie Goebel, sister of the bride; Miss Edith Miller of Charleston, sister of the groom; Miss Hazel Linder of Chanderlyville, Mrs. W. G. Goebel, a sister-in-law of the bride; Miss Robertine Angelo and Miss Daisy Coons. They stretched the ribbons and formed an aisle for the bride. The next to appear was Miss Florence Taylor of this city, as maid of honor, and she was followed by the bride. The groom, Mr. A. L. Moes of Chicago, a fraternity brother, appeared from the hallway. The bride and groom met at the entrance of the parlor and stood before the beautiful embankment of flowers while the ceremony was being said by Rev. Mr. Miller. The ring service was used in plighting the troth and was solemn and most impressive. At its close Dr. A. B. Morey read in brief prayer that the young people's married life might have success in such a manner as to enrich the world. Hearty congratulations followed the service.

The bride was richly dressed in a gown of Dugesse white satin trimmed with handsome princess lace. It was made empire and en traine. She wore a veil caught up with orange blossoms and adorned with a beautiful lavender, the gift of the groom. She carried a shower bouquet of bride's roses and white sweet peas.

The maid of honor wore a costume of pink marquisette over pink mesaline trimmed in pearls and lace. It was made empire and decollete. She wore white argente and carried Kilarney roses.

The six ribbon bearers were becomingly dressed in gowns of pink and white marquisette, three in pink and three in white. They also wore pink corsage bouquets.

Those in the receiving line were Mrs. Catherine Goebel, mother of the bride, who wore a gown of black marquisette over black satin, trimmed in lace; Miss Tillie Goebel, Messrs. W. G. Goebel, Henry Goebel and Rev. Jasper Miller. Mr. Henry Goebel acted as master of ceremonies.

A splendid collation was served in the dining room, which was decorated in pink and green. A big basket of Kilarney roses tied with smilax, around which was placed smilax, formed the center for the table. The menu was served in a faultless manner by Messrs. Hood and Larson of the Peacock Inn, daintily conveyed in cake boxes being given each guest.

In the cutting of the bride's cake the ring was secured by Mr. George Goebel and the thimble by Miss Maude Schaffer.

The marriage unites two prominent families who are widely known. The bride is the younger daughter of Mrs. Catherine Goebel and for several years has made Jacksonville her home. She graduated from the local high school with the class of 1908 and supplemented her course with two years study, both in literature and music, at the Woman's college, and is a member of Phi Nu Literary society. Mrs. Miller has ever been popular among her friends whom she has won by her sweet and genial disposition. She is talented in a great many ways and few young women possess the charm of a pleasing personality as does she. Many will be the sincere good wishes extended this admiring May bride for a happy life. She is a member of the State Street Presbyterian church and in church circles as well as in social life she will be greatly missed in the community.

The groom is the second son of Rev. and Mrs. Jasper Miller of Charleston, Ill. The family for a number of years resided in Jacksonville, where the son graduated from the high school in 1908, the same class with his bride. After graduation he took a two year course in Chicago university and is a member of the Sigma Alpha Epsilon fraternity. He is a young man possessing of business ability and energy with a bright future before him. While in Jacksonville he made many friends who admired him for his whole heartedness and jovial disposition. He now holds a responsible position with the Shaw-Walker company of Chicago.

Mr. and Mrs. Miller received many beautiful and useful presents, among them a gift to Mr. Miller of a fra-

BISHOP QUAYLE AT I. W. C. COMMENCEMENT

Prominent Methodist Divine Will Make Address at Graduating Exercises of Woman's College.

Dr. J. R. Harker, president of the Illinois Woman's college, who is attending the general conference of the Methodist church at Minneapolis, sent a telegram to Mrs. Harker last night stating that he had been successful in securing Bishop Quayle as speaker at the commencement exercises of the college. This news will be hailed with delight by the many friends of the college, as Bishop Quayle is a peer as a platform and pulpit orator among the great ministers of the church. He can condense language and construct phrases for emphatic expression as few men can and his humor and people temperament make him popular for any theme.

Rev. J. W. Miller in his letters to the Journal from the general conference says concerning Bishop Quayle: "On the board of Methodist bishops is a man who stands alone in the striking qualities of genius. The church has no other in its ministry like Bishop Quayle and never has had among its prominent ministers. One can only appreciate the man by hearing him."
"Dr. Harker expects to secure the other speakers for commencement week before he returns from the conference."

RAIN INTERFERED.

May Day Exercises at Illinois College Had to Be Postponed.
The rainy weather of Wednesday afternoon interfered with the Old English May Day at Illinois college, which was to have been held at 3:30 on the college campus. The exercises will take place today if the weather permits, otherwise they will be held on Monday, May 20. All preparations were completed and the grounds in readiness by noon yesterday but the dark clouds which began to gather about 1 o'clock and which eventually brought rain played havoc with the plans of the day.

Jones-Wright.
Ernest J. Jones and Miss Nettie Wright were united in marriage at 4 o'clock Wednesday afternoon by Rev. F. Gruenewald at the German Methodist parsonage. The wedding was to have been held at the home of Mr. and Mrs. Amos Wright, parents of one of the brides, but owing to the illness of the father, the young people went to the parsonage. Miss Wright was dressed in blue silk and Miss Ditty wore white. The young people have many friends, who will wish for them all happiness. They will reside in this city.

Loyd-Guard.
Mr. Clinton E. Loyd and Miss Alta L. Guard were united in marriage at noon Wednesday at the home of William H. Rowe, northwest of the city, in the presence of immediate relatives and friends. The ceremony was impressively performed by Rev. W. S. Phillips, pastor of Ebenezer M. E. church. The bride was becomingly attired in white voile trimmed with ebony lace and carried a bouquet of bride's roses. For the occasion the Rowe home was beautifully decorated, an artistic bower of white being arranged in the living room, while in the dining room a color scheme of pink and white was used. A sumptuous wedding dinner was served.

The bride is a daughter of Mrs. Michael Reagan of Sheldon, Ill., and for some time has made her home with her uncle, William H. Rowe. The groom has been employed on the farm of Mr. Rowe. Both are highly respected young people and will have the hearty congratulations of their many friends.

Mr. and Mrs. Loyd will reside on a farm of Arthur Swain, near Sinclair.

Among those to attend the wedding were: Mrs. Michael Reagan and Miss Ruth Guard of Sheldon, mother and sister of the bride, and Miss Ethel Smith, also of Sheldon.

ROOSEVELT IN LEAD.
San Francisco, May 15.—With the lead held by Roosevelt gaining as heated rivalry from yesterday's preferential primary are received, indications tonight are that he will approximate the 25,000 majority estimated for him by his managers. Figures at hand from 2,855 precincts out of a total of 3,700 give:

Roosevelt 122,702
Taft 62,392
La Follette 49,825
This gives Roosevelt a present majority of 19,480.

The same precincts give Clark 23,481 and Wilson 15,694.

FIGHT AT CONVENTION.
Nashville, Tenn., May 15.—Police reserves were called to quiet delegates at the democratic state convention here tonight when it seemed that a free for all fight was about to occur on the rostrum. Practically nothing had been accomplished by the convention up to midnight.

JAMES H. HAYNIE DEAD.
Former Resident of Winchester and Correspondent Passe Away.
Boston, May 15.—James Henry Haynie, an author and for many years prominent as foreign correspondent of American newspapers, died at his home in Newton Centre to day.

Mr. Haynie was born in Winchester, Ill., in 1841. He served in the army of the Cumberland with the Illinois troops and after the war became a reporter in Chicago. From 1875 to 1877 he was foreign editor of the New York Times, in the latter year going to Paris as correspondent for the New Orleans Picayune, and other papers. He was president for several terms of the Association of Foreign Correspondents at Paris and was decorated with the crosses of the Legion of Honor (French) and Royal Order of the Saviour (Greek). He returned to America in 1895.

INSTRUCTED FOR UNDERWOOD.
Jackson, Miss., May 15.—The Mississippi Democratic convention here today ratified the election of 20 delegates to the national convention, selected at the presidential preference primary of May 7, and instructed them for Oscar W. Underwood for president, "so long as his name shall be before the convention."

DELEGATES UNINSTRUCTED.
Columbia, S. C., May 15.—South Carolina's eighteen delegates will go to the Democratic National convention uninstructed. The vote in the state convention on which the test was made resulted 178 to 162. The supporters of Woodrow Wilson made a strong fight to obtain an instructed delegation. Later they forced a resolution "endorsing Wilson without instruction."

SIGNS RESOLUTION.
Washington, May 15.—Vice-president Sherman as presiding officer of the senate, today signed the joint resolution for constitutional amendment for direct election of United States senators. Secretary Knox will now present the amendment to the states for a three-fourths ratification.

NO VOTE WAS REACHED.
Wilkes Barre, Pa., May 15.—Ratification of the tentative agreement entered into by the subcommittee of the miners and operators seemed to be gaining strength in the anthracite workers convention here today, but no vote was reached.

UNDERWENT OPERATION.
Miss Katherine Rogerson underwent a serious surgical operation Wednesday morning at Our Savior's hospital. Dr. H. C. Woltman operated, assisted by Dr. Pitner and Dr. Hardesty. Last night Miss Rogerson's condition was considered very satisfactory.

BODY TO LIE IN STATE.

Hamburg, May 15.—The body of King Frederick VIII, of Denmark, will be taken by special train tomorrow morning to Travemunde. Thence the Royal Yacht Dannebrog, conveyed by a warship, will convey the body to Copenhagen, where it will arrive on Friday.

The king and queen came here from Nice incognito, as the Count and Countess of Kronberg, accompanied by their three youngest children, and not until it is taken aboard the Danish vessel will the body lie in royal state.

King Frederick died while returning from a short stroll with the evening crowd on Alster promenade. When stricken he tried to tell a policeman the name of the hotel at which he was staying, but the latter could not understand. The king was carried to an automobile, but died on the way to a hospital. His body was then sent to the morgue, where it lay with eight others for several hours.

The king's valet, alarmed by his long absence, caused a search to be instituted which led to the discovery of the body at the morgue.

DEFIED R. R. APPLICATION.
Washington, May 15.—The interstate commerce commission today denied the application of the Denver & Rio Grande and the Colorado Midland for permission "to charge higher rates at intermediate points than are contemporaneously in effect to more distant points on their lines." The denial applying particularly to

all westbound traffic originating at the Missouri river, the Mississippi river, Chicago and similar rate territory.

The commission held that if the long and short haul provision did not apply to the traffic involved in the proceeding then all of its action in respect to that provision would go for naught.

DIED BY HIS OWN HAND.

Paris, May 15.—Octav Garnier, leader of the automobile bandits, died by his own hand, in the opinion of the police surgeons who today performed an autopsy. The death wound was caused by a bullet fired at close range, which entered the right temple and passed through the head. In an addition an ordinance vicer bullet had traversed the lower part of the thorax.

Vallet, who met his end with Garnier in an eight hour battle with the police and troops at Nogent-Sur-Marne villa, was killed by two ordinance revolver bullets in the head. A search of the ruined villa today showed the documents had been burned by the bandits.

Seven automatic pistols were found.

STRIKE CONDITIONS UNCHANGED

Chicago, May 15.—After an investigation of the police department brought about by alleged inefficiency in handling the newspaper strike situation today, a police sergeant was discharged, three policemen were fined and charges were filed against eleven other members of

the police department. Investigators for the civil service department substantiated charges made against the policemen.

It was alleged the police had used lax methods in preventing disorder; had failed to prevent crowds from congregating and had broken department rules during strikes.

Conditions in the newspaper strike were unchanged today, although there was less disorder at news stands and in outlying sections of the city.

LYNCH APPEARS A WINNER.

Chicago, May 15.—First returns to night in the election of officers of the International Typographical Union indicate that James M. Lynch has carried Chicago. The first twenty-four chapels counted to day gave Lynch 368 votes and his opponent, Fred Barker of Spokane, 209. Lynch has shown his greatest strength in the job offices, the newspaper chapels showing majorities for Barker.

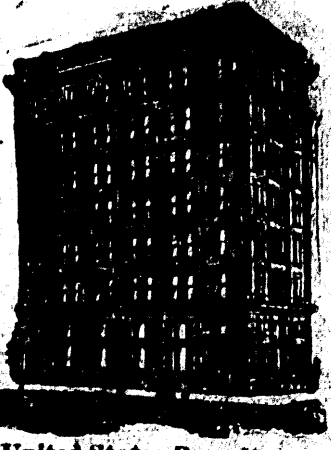

New York, May 15.—Returns from 190 chapels in the election of International Typographical Union officers, unofficially tabulated gave James M. Lynch, for president, 1,853 votes and Fred Barker 1,530. About 2,000 more votes remain to be counted.

Copenhagen, May 15.—The funeral of King Frederick VIII. will take place on May 24, in the Cathedral of Roskilde, 19 miles from Copenhagen, which contains the tombs of most of the Danish kings.

DEATHS AND FUNERALS

Richardson.

The funeral of William Richardson was held at 11 o'clock Wednesday morning from the Methodist church in Lynnville, in the presence of a large gathering of relatives and friends. Impressive services were conducted by Rev. E. L. Darley, the pastor of the church. The casket was borne by a quartet composed of Miss Eva Lane, Miss Minnie Coults, Norman Campbell and Albert Morris. There were many beautiful flowers, which were kindly cared for by Mrs. Garland Overton, Mrs. Edgar Gibbs, Mrs. M. L. Robinson, and Miss Tillie Richardson. Interment was in Lynnville cemetery and the bearers were Samuel Angelo, William Coults, William Frost, Edward Crisman, Robert Ranson and Jack Watson. Brief services were also conducted at the home and the bearers there were B. F. Green, Elbert Coults, Prince Coats, J. L. Gillham, Lewis Rutherford and William Coults.

Worrall.

Mrs. Benjamin Worrall died Wednesday afternoon at 1 o'clock at her home in Murrayville after a lingering illness of a year's duration.

Mrs. Worrall's maiden name was Lillie Wareup, daughter of Mr. and Mrs. Joseph Wareup and she was born May 1, 1862. She was married October 15, 1899, to Benjamin Worrall, who together with the following survive: One daughter, Zula; her parents, Mr. and Mrs. Joseph Wareup, of Murrayville; four brothers, William Wareup of Vandallia, Mo., John Wareup of Murrayville, Caleb Wareup of Larimore, N. D., and Edward Wareup of Winchelsea, and three sisters, Mrs. Jennie Jones of Murrayville, Mrs. Sarah Copley of Winchester and Mrs. Hannah Jones of Edwardsville. Mrs. Worrall was a faithful member of the Methodist church and was a woman who, during her several years of residence in Murrayville, won a host of friends who will learn of her death with sorrow. She was also a member of the Murrayville lodge of Rebekahs. Funeral services will be held Friday morning at 11 o'clock at the Presbyterian church at Murrayville in charge of Rev. J. A. Biddle, pastor of the Murrayville Methodist Episcopal church.

DURBIN.

Mrs. Porter Bell is recovering satisfactorily from the effects of running a nail in her foot.

Mr. and Mrs. Sylvanus Scott and Mr. and Mrs. Samuel Darley were Murrayville visitors recently on account of the illness of Joseph Wareup and his daughter, Mrs. Worrall. Misses Irene Oxley, Maudie Reese and Mary Darley and Dawson Darley went to Jacksonville Tuesday to see the May Day festivities.

Mrs. John Tranbarger entertained the Decimo club on Thursday afternoon quite pleasantly.

Mrs. Curtis Hobbs has been spending a few days with Mrs. Walters. The following pupils at Durbin were neither absent nor tardy last year: Carl Rawlings, Russel Rawlings and Derrell Wilson.

ENGAGEMENT ANNOUNCED.

At a party given Tuesday afternoon at the home of Mr. and Mrs. B. M. Burke of Carlinville, an announcement was made of the engagement of their daughter, Miss Bertie Burke, to Mr. John Anderson of Carlinville. Miss Burke is prominent in social circles in her home city and is well known in Jacksonville, at one time being a student at the Illinois Woman's college. Mr. Anderson is head of the Anderson banking house. Among those present to attend the function were Mrs. Frances E. Baldwin and Mrs. E. B. Wiswell of Jacksonville. Mrs. A. Wiswell is a cousin of Miss Burke.

WATER FROM CREEK.

The city is still getting its water supply from the creek as the Widenham & Daub wells have not been pumped since 11 o'clock Tuesday morning. It was found necessary to make some changes in the apparatus, but pumping will be resumed this morning.

FARMERS TO HOLD CONFERENCE TODAY

Will be in This City to Outline Work for Farmers' Institute—Hope For More Effective Organization.

Today a working committee from the Farmers' Institute representing the several precincts of the county will meet in Jacksonville at the Ayers National bank. This committee had a meeting some weeks ago and delegated Sherman Luttrell and Hubert Rohrer of Waverly and Edward Scott of Franklin a committee to draft by-laws and a constitution and to arrange matters generally for the institute but this committee did not feel like assuming all the responsibility and the general session was called for today. Just what plans the sub-committee has will be made known today.

This much is known that the sub-committee is anxious that the Morgan County Farmers' Institute conduct an active line of work in each and every voting precinct of the county and that the accomplishment by organization and if the proper amount of enthusiasm is shown the benefit to the agricultural interests of the county will be marked.

In many Illinois counties the work is advanced to such a degree that there has been a marked increase in the fertility of the soil. The interest in several counties has resulted in the state university, their salaries paid by popular contributions, to devote their whole time to the farming interests of those counties. In each county where such an expert is employed his services are constantly at the command of the farmers all over the county and any farmer can secure advice which will enable him to follow out the most approved methods of farming. The great increase in the price of Illinois land is making it imperative for land owners to realize more from their farms and it is probably owing to this fact such marked attention is now being paid to scientific farming in many localities. What is really needed to make the Farmers' Institute of Morgan county a real force for improvement is co-operation. In the past a few men have had to carry practically all of the burden and there has been little enthusiasm and only an occasional manifestation of interest. The sooner the farmers of the county generally come to a realization of what working together will do for them the better off they will be.

Up in LaSalle county not long since there was a farmer who had for years been struggling along taking the active leadership in farmers' institute matters but finally he grew tired of the "job" and declined to be elected to any office again. Finally after a great deal of urging he said he would accept office again if his farmer friends would make him a promise. They readily agreed to this and what he made them promise was "support." He said that he wanted every farmer to work with him and help along in every way possible and suggested that an association without anything in the treasury could not accomplish much. Before the assembly broke up \$800 had been pledged for carrying on the work, subscriptions ranging from 25c to \$5 and the start made then has furnished all the impetus necessary. The farmers up in LaSalle county are doing their best for soil improvement and for the general betterment of farm conditions and they are working together as never before in their history.

QUICK RELIEF FOR RHEUMATISM

George W. Koons, Lawton, Mich., says: "Dr. Detchon's Relief for Rheumatism has given my wife wonderful benefit for rheumatism. She could not lift hand or foot, had to be lifted for two months. She beat the time of the remedy and improved rapidly. On Monday she got up, dressed herself and walked out for breakfast. Sold by L. P. Allcott, druggist."

TO TAKE PART IN MEET.

Coach B. and expects to leave early Friday for Champaign, accompanied by Cannon, Strawn and Reeve, who will participate in the state athletic contest. Reeve will take part in the 50 and 100-yard dashes and the relay race; Cannon will try for the pole vault and running broad jump and 220-yard low hurdles. Strawn will compete for the 50, 100, 220 and 440-yard dashes.

Edward Cunningham, who has been a patient at Our Saviour's hospital for the past two weeks, is getting along nicely and expects to be able to return to his home in a few days.

MISS OSBORNE DISMISSED.

Chicago, May 15.—A charge of assault with intent to kill against Miss Maza Osborne, who shot Dr. W. D. Fletcher in her apartments on April 29, was dismissed to day. Dr. Fletcher refused to prosecute the woman, averring from the first that the shot was fired accidentally. Miss Osborne was arrested despite the physician's protest and held pending the result of his wound, which healed.

W. T. Luttrell is seriously ill at his home in Franklin.

Only 50 Women Can Join The Hoosier Cabinet Club for \$1.00

After you study the above picture you will not wonder that women are anxious to join the Hoosier Club, when by so doing they have a Hoosier Cabinet delivered to their homes on payment of only \$1.00.

Think of the hundreds of needless steps every woman you know could save by having her table, pantry and cupboard, with all her tools and supplies centered in one spot.

Your energy instead of being wasted is saved and the time spent in your kitchen—the least pleasant part of your work—is reduced by one-half, the moment this famous Hoosier Cabinet comes into your home.

The Hoosier company sends its 3,000 agents a limited number of Hoosier Cabinets each year to be sold under direct supervision of the factory on the famous Hoosier Club Plan.

This year most cities received only 25 cabinets. Our agent request secured us 50 of these cabinets for the ladies of Jacksonville.

Only 50 women, therefore, can join the club and have a Hoosier Cabinet delivered immediately on payment of \$1.00; balance in a few weekly payments of \$1.00. Many already have enrolled.

The Club Plan differs radically from the installment plan which often is linked with high prices and unknown goods. The low price of the Hoosier Cabinet is fixed everywhere by the factory. No Hoosier agent can sell for less or more on any terms.

So club members get a great benefit from the liberal club terms. The club probably will be filled very quickly. Those who want Hoosier Cabinets should enroll their names at once.

SOCIAL EVENTS.

Mrs. M. B. Keplinger entertained the members of the graduating class of the Franklin High school at a dinner at her home in Franklin Tuesday evening. An excellent course dinner was served, which was greatly enjoyed, after which the members of the graduating class responded to a number of toasts. Rev. H. B. Baskin of Bombay, India, acted as toastmaster. Rev. Mr. Baskin is a missionary in India and is a guest at the Keplinger home. He filled the post of toastmaster very acceptably and displayed a great amount of humor in the introduction of the various speakers. The Keplinger home was very prettily decorated for the occasion, red and cream roses, the color colors, being used to a pretty effect.

SPEAKS FOR PEACE.

Speaker at Lake Mohonk Conference Shows That War Prevents Nations From Uniting Against Common Enemies of Mankind.

Mohonk Lake, N. Y., May 15.—John Lewis, editor of the Toronto (Canada) Star, addressing the Lake Mohonk Conference on International Arbitration tonight, declared that the gradual development of a world citizenship would make war impossible by providing an outlet for energy and heroism. As means of hastening this development he advocated a national university and an international journal. The abolition of war, he declared, is only the beginning of the movement for international justice. Relief from the fear and the burdens of war would be followed by the establishment of judicial machinery and of international institutions which would enable each nation to reach its highest development and all nations to work together in the common interests of humanity.

"War," he declared, "not only sets nations against nations but it prevents the nations from uniting against the common enemies of mankind. Nations are not natural enemies. The greatest interests of mankind are not conflicting but common interests. Men, women and children all over the world need the same things, food, clothing, shelter, health, intellectual development, development of the affections. War has been justified on the ground that it evokes heroism, self-sacrifice, comradeship. One might as well define the wanton sinking of a ship upon the ground that it would show how calmly men can die."

"We must not be content with denouncing war. We must build up something better. We must seek to divert the energy and heroism of war into other channels so that the abolition of war will not be the decline of heroism but the conversion of heroism from destructive to constructive uses."

GREATER LOSS ADDED TO FLOOD DISTRICT

Hymella Crevasse Adds Another Thousand Square Miles to Devastated Territory.

New Orleans, La., May 15.—Approximately 7,500 square miles of Louisiana's lands inundated by the Mississippi river flood waters and more than 100,000 inhabitants driven from their homes in the parishes west of the river from the Arkansas line almost to the gulf, the most serious crevasse of the present disastrous flood, Hymella, promises to add another thousand square miles or more to the overflowed territory, make homeless thousands of persons and add millions of dollars to the property damage done within that state. Although part of at least 24 parishes have been swept by the floods, the list of known human victims is less than forty.

Except for a small stretch of land in West Feliciana and another small tract in Lower St. Bernard parishes, the overflowed territory in this state extends along the west banks of the Mississippi river from the northern part of the state to the extreme southern part, 300 miles in length, and varying in width from 10 to 30 miles.

Within another ten days five more parishes will feel the effects of the flood.

To night the Hymella crevasse, 25 miles north of New Orleans on the opposite side of the river and widened to about 700 feet, and the water had inundated about 40 square miles of rich sugar lands in St. Charles and St. John the Baptist parishes.

Work has started to tie the ends of the crevasse, but the outcome of the effort to save the \$25,000,000 or \$300,000,000 of property which is threatened awaits, is a matter of doubt.

As "Ed" Howe Sees Life

The people in a country town are about equally divided on every question, and keep each other from a accomplishing much.

When you are disposed to be liberal, nearly anyone will take advantage of you.

If you have a disagreeable experience, people say the lesson will do you good. That's about all sympathy amounts to.

When you know a man who is ten years older than you are, and you hear of his saying that he is younger, or about your age, it makes you mad.

People like to talk so well that there is nothing in half they say; they not only don't know; they don't care.

No doubt you have noticed that while your explanations explain thoroughly, they do not always satisfy.

After a man has been out of work a long time, people say he "lacks ambition."

Many a man who is not perfect, is a tolerably good fellow, and useful in a modest way.

Compliments are often insincere, but fault finding is always genuine.

You demand that others be perfect; but you run along about as usual yourself.

HOUSE BURNED.

About 2:30 p. m. Tuesday, J. M. Kennedy, who lives a mile and a half northeast of the city, was at work in the field not far from his house, when he saw fire and smoke issuing from roof. He hastened toward it and found that two neighbors, Harry Scott and Fred Souza, had arrived just ahead of him. His wife had taken the little baby and was on her way to the home of her father, John Centro, not far away. Their little two year old daughter was already there, so there was no one in the house.

Mr. Kennedy and his friends at first tried to put out the fire with the means at hand, but were unable to do so and then turned their attention to getting the furniture out of the place and succeeded in getting the greater part of the contents out before the house was destroyed. The dishes were badly smashed and some other things injured, but they saved a great deal though the house was a total loss. It was a one story structure with five rooms and was worth from \$1,300 to \$1,500 and was insured for \$1,000.

Mr. Kennedy is not at all certain how the fire started, as they had but little fire in the stove, but it was probably from the frequent cause, a defective flue. He will begin to build as soon as possible.

J. A. Shanks, Lewisburg, Ind., enjoyed a visit from his grandchildren. Both had severe colds and coughed at night. The medicine prescribed failed to stop this coughing so Mr. Shanks took the matter into his own hands and says: "I got a bottle of Foley's Honey and Tar Compound and after a few doses they went to sleep and slept throughout the night without coughing." City Drug Store, J. A. Obermeyer.

GRADUATING EXERCISES.

A class will graduate at Passavant hospital but the nurses' training school and the graduating exercises will be Thursday evening, May 23. Due announcement of the program will be made.

Charles Hieronymus, a prosperous merchant of Beardstown, was in the city yesterday accompanied by his daughter.

THE FLOOD SUBSIDING.

The following from Wednesday's Globe-Democrat will interest those of our people having property in the Mississippi delta: Greenville, Miss., May 14.—The river on the local gauge stands at 44.3 feet, a fall of 1-10th in twenty-four hours. The flood waters are slowly receding. On lands not inundated planting is being pushed, but with little success, stands are bad. Dispatches of same date from Vicksburg, which is below Greenville, show the same fall of the river there, while the fall at Cairo was 1.2 feet.

A. T. Rumber, 261 Fulton Place, Canton, says heavy work weakened his kidneys and caused him trouble and suffering. "Finally I took Foley's Kidney Pills and now I feel like a new man. My bladder action is normal and regular, I have no more dizzy spells and I feel as much like work as I did 20 years ago. This is all due to Foley's Kidney Pills which I gladly recommend." City Drug Store, J. A. Obermeyer.

PENSIONERS' BLANKS.

It is understood that veterans who are entitled to receive the increase granted by the new pension law will have to forward to the department suitable proofs regarding their claims. It is expected that the pension department will at once have these printed and sent out as soon as possible, though it is not known at present just when they will be ready.

A DANGEROUS PRACTICE.

A number of boys, who congregate on West Lafayette avenue have formed the practice of jumping on automobiles as they pass by. The other night some boys jumped on an auto that was passing and in catching hold broke the supports to the top of the machine. There is not only danger of doing damage to the cars and having something to pay for, but there is also great danger of getting hurt.

CORN BRINGS GOOD PRICE.

Corn is bringing a good price now, some being sold in the crib for 75c a bushel or better. A feeder near Waverly recently paid 90 cents for some in the crib.

GENERAL M. E. CONFERENCE—IMPORTANT CHANGES—AMUSEMENT QUESTION

(By Rev. J. W. Miller.)

With each passing day the interest in the work of the general conference deepens. The reports of the standing committees are beginning to come in and a number of very important changes are to be reported to the general conference from these committees.

Humors About Bishops.
It is understood, yet not officially, that the committee will advise the retirement of two bishops, Warren and Moore and probably Bishop Neely also. The committee will, according to the unofficial statement, advise the election of eight new bishops. There are to be two new episcopal residences, Detroit and Helena, Mont. The question of who will be elected to the episcopacy becomes hourly a more earnest consideration.

A plan will be proposed by the committee on episcopacy that provides that each bishop will have supervision of the conferences adjacent to his episcopal residence for the next four years. One month after each of these conferences meets he takes supervision, and keeps it all the year until within one month before the next session of the annual conference when the bishop, who is to hold that conference takes charge for two months. Each bishop is to make a report at the next general conference of his work in that episcopal district. This plan in substance will be proposed to the general conference by the committee on episcopacy.

The Amusement Question.
The report of the committee on state of the church will meet their report to the general conference on the amusement question as an order of the day after the reading of the journal Thursday morning. The committee on state of the church voted Monday to advise no change in the present rule by a vote of 100 to 51. Whether or not this ratio will hold in the general conference is not known. The general supposition is that the general conference will not make any change in the present rule.

The debate on the question will undoubtedly draw a large crowd and will be one of the most interesting debates of the entire session.
Five Swedish Brothers.
During the Tuesday morning session Bishop Hurt asked that he be allowed to present five Swedish preachers, all brothers. As they all stood in a row before the general conference, will strong family resemblance, tall and earnest looking men, could not help feeling that the work of the Methodist church was beginning to grip that sturdy people of the north of Europe. Four of these brothers are preaching to their countrymen in the United States and one in Sweden.

Flag of Chinese Republic.

According to the resolution of the conference on Monday, the flag of the new republic China was hung over the speaker's stand, with the stars and stripes, "Old Glory." The Chinese flag as displayed has the bars, pink, pale yellow and black. There are no stars as yet. There may be some changes as one of the delegates intimated. So strong is the regard of the Chinese patriots for the United States that they will pattern many things after the great American republic. Dr. J. T. Wardle, fraternal delegate from English Methodism, is quoted as saying, with reference to the demonstration yesterday: "It was an illustration of the union of religion and patriotism of a world wide kind that could scarcely be surpassed. I will give it a proper setting before the English people."

Visitors From Illinois.

Tuesday morning the following visitors arrived, Rev. A. A. White, Rev. P. A. McCarthy, Rev. N. M. Rice, Rev. F. B. Madden, Rev. E. K. Byrns. These with Dr. Harker and Rev. J. C. Nate make quite a little company. Including the delegation and these of their wives who are present. Mrs. J. W. Miller and Mrs. Puri are coming Wednesday.

As the time for the elections draws near the friends of Dr. Van Cleave feel that his chances for editor of the North Western grow brighter. While there is no telling at this time how the vote will be cast, yet there are many who speak favorably of the leader of the Illinois delegation for the editorship.

J. S. Wooters, 715 South Pine street, Centerville, says for nine years he drove his rural route wagon, but his kidneys became congested, and had dizzy spells while driving, and other symptoms of kidney trouble. After taking three bottles of Foley's Kidney Pills he says: "My kidneys are again in good condition and I am once more at my regular work. I have already recommended Foley's Kidney Pills."

AT SALEM CHURCH.

Assession Day will be observed at Salem Evangelical Lutheran church to day with services in German at 10 o'clock this morning and in services in English at 7:30 p. m.

INJURED HIS HAND.

While working with a gasoline engine at his farm, east of the city, Wednesday afternoon, Albert Kiltum, in some manner, caught his hand in the machinery, severely mashing two of the fingers. He came to the office of Dr. A. M. King in this city, where his injury received the necessary attention. It is thought that nothing serious will result from the injury.

THE WEATHER.

The temperature for Tuesday, according to G. H. Hall at Alexander, was: Maximum, 62; minimum, 47. The rainfall recorded was .17 inch.

The Great Siberian Refrigerator.

To appreciate the severity of the climate of northern Siberia it is only necessary to understand the practical purposes it is made to serve. The entire country is used as a refrigerator for the preserving of articles of food. One day a traveler, dining at Tomsk on a plump fowl, asked how long the bird had been killed. The landlord evidently softened his reply as much as possible, knowing the repugnance of most foreigners to any food not quite fresh. "Two months only," he said; "not a day more."

No precautions are required for the preservation of beef, for it takes care of itself. Nearly all butchers kill at the beginning of the cold weather a sufficient number of animals to furnish provisions for the entire winter and allow the meat to freeze. There is no fear of any food changing in such a temperature. Fish become so solid and stiff that they are set up on their tails against the walls of the market—Exchange.

A Curious Species of Birds.

Among the curious birds of the East Indies is a species that is nearly extinct. These birds always travel in pairs that are hardly ever separated. The beak of the male is short and strong, while that of the female is long and curved. The male's work is to break with his strong bill the tough bark of trees in order that his mate may introduce her pointed beak into the holes dug into the trunk by insects and so extract food. When the male detects an "insect haunt" he lays it bare, and the female pulls forth the prey with her beak, divides it in two, gives the male his portion and eats the other, continuing the process until both have had enough. Consequently the death of one or the other means starvation to the survivor, the female being unable to break the bark of trees and the male to take out the prey when its presence is exposed.

"Hard" Drinking Water.

Many persons have long believed that it is injurious to the health to drink "hard" water. Medical authorities now assert that there is no foundation for the belief, and some maintain that hard water is even superior to soft water for drinking purposes. They point out the fact that ordinary food contains a great deal more lime than is to be found in even a larger quantity of water than any one would be likely to drink. Gout is said to occur alike among those who do and those who do not drink hard water. According to the statistics quoted in the London Engineer, the death rate in "hard water towns" is actually less than in "soft water towns." It is also the fact that most of the natural waters that have proved valuable in treating diseases attributed to the drinking of hard water themselves contain no small proportion of lime salts.

Bothering a Duelist.

Brantome, a French author, in "Dueling Stories of the Sixteenth Century," tells of the code then in vogue. It was allowed in the challenge to stipulate as many different weapons as one pleased without specifying the particular ones with which one would actually fight. The antagonist was bound to provide himself with all. One duelist insisted "on the provision of no less than thirty different kinds of armament, for foot and horseback; nay, he even specified the kind of horse—course, blood horses from Spain and Turkey, thoroughbreds, cols, some in harness with ears and tail clipped, some saddled in jennet style, some with heavy plated armor and so on. The object was not only to take his adversary by surprise, but to put him to enormous expense and exhaust his resources."

A Frank Critic.

Louis XIV., who, like many humble rulers, somewhat overrated his political powers, showed a copy of verses to Bolleau and asked his candid opinion of them.

"Ah, sire," said the poet, "I am more convinced than ever that nothing is impossible to your majesty. You devoted to write some poor rimes, and you have succeeded in making them positively detestable!"

James Gow, Pirate.

The original of Captain Cleveland in Scott's novel "The Pirate" was James Gow, who for many years terrorized the Orkneys and who was finally captured by a trick and was hanged in June, 1725. Defoe, by the way, wrote a conscientious account of his exploits and execution, the sole known copy of which is now in the British museum.

He Knew Him When—

"Why do you hate him so? Has he ever done anything or said anything to injure you?"

"No, but, confound him, I can remember when he had nowhere near as much as I had—when, as a matter of fact, I didn't always care to recognize him."—Chicago Record-Herald.

In the Cause of Freedom.

"I told the lawyer I wanted an absolute divorce," said Mrs. Ellinglit.

"And what did he say?"

"He told me he was an old friend of my husband and as a favor to him he would take the case."—Washington Star.

Not That Kind.

"A man should strive to be satisfied with his lot."

"That's a hard thing to do when his lot happens to be under a suburban frog pond."—Birmingham Age-Herald.

I. C. BALL TEAM ON THREE DAY TRIP

Will Meet C. B. C. Today at St. Louis
and Rolla, Mo., Friday and Satur-
day.

Thirteen Illinois college baseball
tossers will start out this morning
on a three days' trip which will in-
clude a game this afternoon with
Christian Brothers college at St.
Louis and games Friday and Satur-
day with the Rolla School of Mines
at Rolla, Mo.

The men will leave this morning
at 6 o'clock via the Chicago & Alton
and Coach Harmon will accompany
them to St. Louis. Hedgecock is to
pitch in this afternoon's game with
C. B. C., which is expected to be a
hard contest. Early in the season
the St. Louis men played a game with
Wisconsin university, but their
strength could be hardly judged from
that contest as the Wisconsin men
had very little practice at that time,
while the C. B. C. men had been go-
ing through regular practice previous
to that game. The locals have very
little data regarding the record of
St. Louis this season but with Hedge-
cock in the box they should be able
to annex the contest this afternoon.

Widenham, who will have to re-
main in the city on account of the
May Day exercises this afternoon,
will leave on the afternoon train to-
day for St. Louis, where he will join
the team and accompany them to
Rolla. In the two games with the
Rolla School of Mines the locals will
be considerably weakened by the loss
of Buchelt and Jaccard, who will re-
turn from St. Louis this afternoon
with Coach Harmon and get ready
for the track meet with Millikin.

However, even with this difficulty to
overcome the Illinois team has a fair
chance of winning from Rolla, as
they lost two games to Missouri uni-
versity last week, the score of one
of them being 15 to 3. Goodwin will
probably pitch for the locals Friday
and Hedgecock Saturday.

Those who will compose the team
on the trip are Hedgecock, Goodwin,
Jaccard, Darragh, Eagan, Phillips,
Widenham, Buchelt, Clowes, Appel,
Warren, Johnson and Manager Rus-
sel.

RAIN INTERRUPTED
WITH SPORTSMEN.

Postponed Events in Tourney at
Peoria—Will take Place To Day—
G. T. Hall Took First Money.

Peoria, Ill., May 15.—Breaking a
total of 147 hits out of a possible
150, G. T. Hall of Leoma, Iowa,
took first to day in the opening
Squire's money back event at the
thirty-sixth annual tournament of
the Illinois State Sportsmen's con-
vention, in progress here. Second
money was split between Bert Lewis
of Auburn, Ill., and William Rid-
ler, of Whitehall, Iowa, who tied
for second place, with a count of
146 targets. Jesse Young, of Chi-
cago, won third with a score of 145,
and fourth money went to Joseph
Barton of Chicago, who counted
for 144.

The remaining events on to day's
program were postponed on account
of rain, and will be shot tomorrow
afternoon.

OLINTON FRANCHISE SOLD.

Kankakee, Ill., May 15.—L. C.
Hayden, owner of the Burlington
baseball team of the Central asso-
ciation, today purchased the Clinton
franchise in the Illinois-Missouri
league. The franchise will be trans-
ferred to Kankakee and the season
will open here on Friday.

BRANDON TO NEW ORLEANS.

Kansas City, Mo., May 15.—Milton
("Chick") Brandon, for several
years a pitcher for the local Ameri-
can association baseball club, was
released today to the New Orleans
club of the Southern league.

Brandon played with the Pittsburg
National club in 1910.

James Cheaney has returned to
Petersburg after a visit at the home
of his uncle, John C. Pyatt on West
North street.

INDIGESTION

Causes Dizziness, Nervousness, Bil-
iousness, Sick Headaches and
Sleeplessness.

You know that most of the all-
ments named above come from an
out of order stomach.

When your food reaches the stom-
ach it should digest and furnish nu-
tritious matter to the blood.

If it doesn't digest, but lays heav-
ily on your stomach, it has started to
ferment.

When it ferments it sets loose in
the stomach poisonous gases which
irritate the great pneumogastric
nerve that leads directly from the
stomach.

That irritation causes heartburn,
dizziness, nervousness, sleeplessness,
and other ailments.

MI-O-NA is guaranteed to end all
stomach misery, or money back. 50
cents at Coover & Shreve's and drug-
gists everywhere.

TRAINS ON GOWNS.

A Lingerie Frock
For 1912 Summer.

COSTUME OF WHITE VOILE OVER BLUE
CHIFFON.

This pretty frock of white voile with
an embroidered border is draped over a
skirt of blue chiffon, deeply hemmed.
The cuffs, sailor collar and sash are of
the blue chiffon, the sash having knot-
ted ends at the back.

How to Sow Your Flower Seed.
After the soil is made ready and
smoothed over and made firm the sow-
ing is done. This operation varies ac-
cording to the size of the seed. The
finest seed may be sown broadcast,
tearing off a corner of the envelope
which holds it and letting the tiny
grains fall gently and evenly through
the opening.

Another way is to pour the contents
of the envelope into the palm of the
left hand and with the thumb and two
fingers of the right take a pinch of
seed and scatter it. The hands, of
course, must be quite dry, otherwise
the seed will stick to them.

After sowing sift a little fine soil on
top and press it down. Another way is
to make shallow rows and sprinkle the
seeds in either one of the two ways
mentioned, then sift the soil on top
and press down.

Very large seeds, such as the nastur-
ium and morning glory, it is easier to
place in the trench one by one about
two inches apart.

After the seed is sown an excellent
idea is to lay a cotton cloth on the bed
and wet it well with a watering can.
The cloth keeps the ground moist and
the soil is not washed out at all by the
sprinkling. Until the seeds begin to
come through all the watering is done
through the cloth.

Remodeling a Picture Hat.
An ingenious woman, with the im-
perative need for remodeling her pic-
ture hat in mind, paused before a dis-
play of imported headgear and, with
wistful eyes, took in the detail of one
fascinating black and white "crea-
tion" which was trimmed with heavy
white silk ribbon, woven with very
narrow black velvet stripes. Any-
thing even approaching the quality of
that ribbon or giving the handsome
effect of it would be quite beyond the
small amount which she would be able
to spend on the renovating, but an
idea came to her as she stood there,
and when she returned home she put it
into swift execution. In her box of
wide ribbon for girdles and sashes was
some of heavy white silk, and among
her stores she had laid aside several
bunches of the narrowest black velvet
ribbon, once used for little collar "dan-
gles," but still in perfectly good con-
dition, needing only to be passed—pile
upward—across a fairly warm flatiron.

This velvet ribbon she stitched in
exact, even rows along the heavy
white silk sash ribbon selected for the
purpose, and the desired trimming for
a very up to date and most becoming
chapeau was hers without any ex-
penditure whatever.

Cotton For Seasickness.
"Apropos of the approaching season
of ocean voyages," remarked a sub-
urban physician who goes abroad
every summer, "I am reminded of a
pretty girl I met one evening on the
deck of a liner. I noted that she had
cotton in her ears and took the liberty
of asking if her hearing was affected."

"No," said she, with a smile; "I have
cotton in my ears because I don't want
to get seasick."

"That was new to me, so I asked her
where she obtained the idea."

"Last season," she explained, "on
our way across there were a number
of deaf mutes on board. Not one of
them was seasick on the entire trip.
That gave me a thought. I stuffed
my ears with cotton, and I did not
have a qualm all the way over. Be-
fore I tried that experiment I was
seasick every day. I was told that
the stomach nerves and the nerves of
the hearing are in sympathy."

"And they are," said the doctor.
"That cotton batting remedy for mal-
de mer is efficacious, I know, for I
tried it."

How To Keep Well
To prevent illness, purge the blood of all poisons. Then you've made a big stride toward the perfect condition of the entire system. Nature's own remedy, red clover blossoms, has rendered such remarkable aid to thousands suffering from widely different ailments, that many people keep the extract in the house at all times. Sensible persons recognize that such a natural remedy is valuable as a preventive and for treatment of many ailments. When the bowels are sluggish, the liver torpid, or the kidneys inactive—look out! Your blood needs purifying. The most dangerous conditions commonly result from neglected cases of this kind. At such a time, systematic use of red clover blossoms, known as Needham's Extract, is sure to produce the most beneficial effects. This extract is made from the very choicest red clover, treated so as to bring out the full strength. It has it or can get it for you. Booklet mailed free, gives letters received from people who offer the strongest recommendations of Needham's Extract. Ask for this booklet, Address D. Needham's Sons, Lakeside Building, Chicago.

THE REAL TEST
Of Herpelde in Giving It a Thorough Trial.
There is only one test by which to judge of the efficiency of any article and that is by its ability to do that which it is intended to do. Many hair Vigors may look nice and smell nice, but the point is—do they eradicate Dandruff and stop falling hair? No, they do not, but Herpelde does, because it goes to the root of the evil and kills the germ that attacks the papilla from whence the hair gets its life.
Letters from prominent people everywhere are daily proving that Newbro's Herpelde stands the "test of use."
It is a delightful dressing, clean, pure and free from oil or grease.

Kind Neighbors.
When Miss Jenkins, after spending fifty-six years in the city of her birth, decided to buy a small farm in the country she determined to miss none of the delights of farming life.
"I'm going to have a steady horse and two cows and some hens," she announced to her brother, to whom she proudly displayed her new property. "The Adams boy from the next house will help me about everything. He'll drive the cows and milk and teach me how to harness, and of course I shall feed the hens and the little pig."
"The little pig!" echoed her brother. "Do you propose to keep a pig? And where, I should like to know?"
"There's room for a small pigpen back of the barn, away from the road and everything," said Miss Jenkins calmly. "Mr. Adams has some cunning little pigs, and that is what I wish. And I asked the Adams boy if he thought when the pig had outgrown the pen I could find some one to take him and give me another little one in exchange, and he seemed sure I could. You've no idea, brother, how obliging the people are here in the country."

Faith in Medicine.
That the negro loves to be considered in ill health and thus attract attention to himself is well known to those who live in the south and are well acquainted with the race. By a certain consequence of this they will all take medicine whenever opportunity offers. Once a young man had been ill for some weeks, and his negro servant was cleaning up the room one morning. Finding several bottles of medicine only partly used, which were put aside to be thrown away, the negro remarked: "Mr. Willie, gumme dat medicine. I ain't—er—been feelin' well or bit lately."
"What is the matter?" he was asked.
"I don't know what de matter is, but if de medicine is any account bit will go sarchin' in me nu' fine out."—Los Angeles Times.

The All Sufficient Farm.
The charm of farm life is its ability to take care of itself. I have always urged that before trying to make money by our crops we country folk should reduce outgoes. I remember that seventy-five years ago my father's family lived well, but spent in actual cash rarely more than \$100 a year. We raised our own lamb, veal, fowls, eggs, beef, vegetables, apples and pears and cherries and plums, and with all this very nearly all our sugar as well as our honey. Little of this was sold except eggs and fruit, but much of it was exchanged or "swapped." Then we made our own clothes, largely from our own wool, our carpets and our bedding and our pillows, with all the rest. We made and mended our own shoes, and our tools were largely homemade.—Outing Magazine.

Only One Statue of Dickens.
West Philadelphia holds the only statue of Charles Dickens in the world, says the Philadelphia Press. Hardly ever is a passing glance given by hurrying pedestrians to this monument of bronze and granite, depicting the great writer seated and looking lovingly down upon the upturned head of Little Nell, the child of his brain. The monument is a bronze group by E. Edwin Elwell, the famous sculptor, and was purchased several years ago by the city branch of the Fairmount Park Art association. It had been intended to grace the great Central Free Library building that is now planned as one of the buildings along the Parkway. While it was lying unused Clark park was opened, and the statue was mounted there.

The Wrong Verse.
A man who was staying at home during the past summer, not having received his weekly letter from his wife, thought he would be smart and send her a quotation from the Bible that would surely bring a letter by next mail. Not having a Bible handy, he depended on his memory and wrote as follows:
My Dear Wife—Proverbs xxv, 24.
JOHN.
He did not get any more letters. When his wife returned he asked her why she had not written. She showed him his quotation. He looked at the Bible and said:
"Oh, Lord! I quoted the wrong verse. It should have been Prov. xxv, 25"—Life.

Perversity of Nature.
His father was busy and had cautioned him not to ask any foolish questions, so he said to the boy when he came into the room:
"As long as this isn't a fool question, what is it?"
And this is what the boy propounded: "When you're a sore throat, dad, and it hurts you to swallow, why do you want to swallow all the time?"—New York Times.

Woman's World
Mrs. Bell a United States Commissioner.

Mrs. Mabel Van Dyke Bell of Corbin, Ky., recently appointed a United States commissioner, is probably the only woman in the United States endowed with judicial powers. Mrs. Bell recently tried her first case, in which she presided with as much dignity as any old practitioner. Her robes of office consisted of a white shirt waist and a brown tailored skirt. She arose and courtesied to the members of the bar in the most dignified manner, disposed of the case and then went home to enforce the domestic laws that govern every well regulated household.

Mrs. Bell had been a deputy in the office of United States Court Clerk John Menzies, and the experience gained there enabled her to preside over her court as fearlessly and with as much judicial dignity as any of her predecessors. It is the duty of the commissioner to extend preliminary hearing in all cases developing in his jurisdiction and to either dismiss the prisoner, if there is insufficient evidence, or hold him to the next term of the court, fix the bond, pass upon the securities and perform other similar duties. Violators of the internal revenue and postal laws, moonshiners, counterfeiters, retailers of liquor without federal licenses and even bankers who may deal in "frenzied finance" to the displeasure of Uncle Sam may be brought before this woman. In all these preliminary hearings the commissioner exercises a judicial function—is, in fact, a judge.

Mrs. Bell is at a loss to understand why such an unusual interest has been taken in her. She regards her commission as the most natural thing in the world and her appointment as the natural order of events. However, her two boys, Davis and James, while their mother is officiating as an arm of the United States government, are quite convinced that she is the one woman of the country. These are the only children that resulted from Mrs. Bell's marriage. Before going to the federal building to preside over her first court Mrs. Bell, in the most motherly manner, washed her children's faces and hands, put their clean bibs and tuckers on them and started them off to school.

Besides being the only woman federal jurist in the United States, Mrs. Bell has the distinction of being one of the most attractive of her sex. She was a belle in her girlhood days. She is still in the twenties and girlish in appearance.

She's Still Miss La Follette.
Miss Pola La Follette daughter of the Wisconsin senator, has not assumed for every day use the name of George Middleton, the dramatic author, to whom she was married last October.

Miss La Follette explained as follows why her maiden name appeared on the program:
"It was my desire to retain my own name," said she, "and Mr. Middleton generously consented to it. I believe a woman who has done things should not lose her personality when she marries. If she take her husband's name she to a certain extent loses the personality which her work has given her. 'I think the time is coming,' said she, 'when all women will retain their own family names through matrimony. It is not because I am on the stage that I desire to keep my name. It is purely a personal feeling with me. I believe public opinion is tending this way, and in the near future we shall regard it just as reasonable for a wife to ask her husband to take her family name as for a man to ask the woman he marries to adopt his name.'

"Of course if a woman feels this way about it she should have an understanding before her marriage Mr. Middleton is a reasonable man, and he agreed with me in my point of view before our marriage."

To Wash Khaki Suits.
When washing tan colored clothes or stockings or the khaki colored suits put a little brown dye in the rinsing water and in the starch. One ten cent package of dye dissolved in boiling water and then bottled will last a whole season. Add only a little to the water. Using the dye prevents that washed out look so common to the khaki colored suits after laundering.

SKIN CRACKS OPEN.
Painful Results of Eczema May Be Soon Overcome.
Try This Remedy at Our Risk.
In chronic eczema the skin often becomes thickened and cracks open, greatly increasing the painful symptoms and making cure more difficult. We now have a new remedy, Saxon Salve, of such remarkable healing power in all forms of eczema and other crusted and scaly skin eruptions of every kind that we guarantee it to give perfect satisfaction. It penetrates the skin so thoroughly with its germ destroying power that you can see great improvement even in the first few days.
It not only stops the terrible itching at once, but begins healing the cracked and tortured skin at the same time. No matter whether the sufferer is a baby or grown person, the results are the same and the disfiguring eruption soon disappears. Try Saxon Salve—if you are not satisfied we refund your money—Lee P. Alcott, druggist, Jacksonville, Ill.

BRADY BROS
Sensible Women Know
Foundation of Health
As health talks to women become more general, both in the newspapers and on the platform, the mass of women have begun to realize what the more cultivated have always known, that good health cannot be found in a powder box. The external of health may be obtained in that way, but the basis of health lies deeper, and yet is just as easily obtained.
The most important thing that a woman can do for herself, and about which she is often most neglectful, is to watch the condition of her stomach and bowels. The weary eyes, the bad breath, the frequent headaches, the pimples, the general air of listlessness in the lines of the face, the result of constipation or indigestion, or both. Many simple remedies can be obtained, but the best, the estimation of most women is Dr. Caldwell's Syrup Pepsin. It is mild, pleasant to the taste and exactly suited to her needs. It is far superior to salts, cathartic pills, waters, etc., which are entirely too violent. Women should see to it that they have at least one movement of the bowels each day, and when showing any tendency to constipation should take Dr. Caldwell's Syrup Pepsin in the small dose prescribed. A brief use of it will so train the stomach and bowels muscles that no forms of medicine can be dispensed with. These opinions are voiced by thousands of women, after personal experience, among them Mrs. G. Wollard, 115 So. Everett St., St. Paul, Ill., and Mrs. Thomas Blakeslee, 303 N. Wright St., Champaign, Ill.
Remedy before buying it in the regular way of a druggist at fifty cents or one dollar a large bottle (family size) can have a sample bottle sent to the home free of charge by simply addressing Dr. W. B. Caldwell, 405 Washington St., Monticello, Ill. Your name and address on a postal card will do.

Women's Secrets
There is one man in the United States who has perhaps heard more women's secrets than any other man or woman in the country. These secrets are not secrets of guilt or shame, but the secrets of suffering, and they have been confided to Dr. R. V. Pierce in the hope and expectation of relief and help. That few of these women have been disappointed in their expectations is proved by the fact that the average percent of all women treated by Dr. Pierce's Pink Pills for Pale People, and entirely cured. Each a reward would be payable if the cases treated were numbered by hundreds of thousands. But when that reward applies to the treatment of women's ailments, the reward is a reward of peace, of health, of happiness, and of the ability to do the things which women, as the first specialists in the treatment of women's ailments, should do.
Every girl who may read Dr. Pierce's Letter, absolutely without charge. All replies are mailed in perfectly plain envelopes, without any printing or any kind of advertisement upon them. Write without fear as without fear to Dr. R. V. Pierce, Medical Association, Dr. R. V. Pierce, Pres., Buffalo, N. Y.

CORNS AND BUNIONS.

Begy's Mustardine Takes Out the Burning Soreness and Agony in Five Minutes.
Try Begy's Mustardine, the wonder worker for painful corns, bunions and callouses.
It costs 25c a box at Coover & Shreve's and it stops earache, toothache, backache and neuralgia in a jiffy.
Thousands of baseball players and athletes get quick results by using it for sore muscles, sprains and stiffness. Its wonderful how fast it drives out aches and pains in any part of the body and will not blister. Be sure it Begy's.

CHAUTAQUA STOCKHOLDERS' MEETING.

In a few days, probably some time next week, there is to be a meeting of the shareholders in the coming chautauqua when officers pointed and the regular work of promoting the enterprise undertaken. There will be committees on advertising, program, tents, grounds, police and various other departments and these are to be named at the coming meeting. Every effort will be made to have on the several committees suitable persons who will be willing and able to undertake the duties assigned them.

There is a fine feeling now toward the enterprise and the hope is that it will be a grand success and the beginning of a permanent organization with a coliseum or some sort of a structure for the use of the affair and great gatherings in future years.

A sprained ankle may as a rule be cured in four to five days by applying Chamberlain's Liniment and observing the directions with each bottle. For sale by all dealers.

SHOWS A NEED FOR THOROUGHBREDS

Quality Will Pay in School Houses As well As on Stock Farms.

W. H. Miller of Ottawa recently prepared for the committee on agriculture of the Illinois Bankers' association the following, pointing out the interest farmers in some localities have in fine stock and their narrow mindedness as to educational things. The article applies with great truth to some counties in Illinois, but not to Morgan county.
"I know of a certain school district where they very wisely determined to raise the quality of their horses. They formed a stock company and bought an imported horse. I am not sufficiently expert in animal husbandry to tell you off hand what breed he was. But he was one of those big fellows, with a leg at each corner like a pile driver and with bushy whiskers around the hoofs. He was a good one, and cost three thousand great, big, round iron dollars. Being a good horse he could not be trusted with a poor man. So they got a good man, and paid him \$75 a month to handle and train the horse. Three members of that horse company were the school directors of the district. And they hired a girl to train, teach and handle the children in this same school district where they had the fine horse. She was a slip of a girl, who did not know enough to boil water without burning it. She was one of the big bunch of girls that go through our high schools, paying more attention to their clothes than they do to their credits. But she had one qualification that caught those directors. She was willing to work for \$30. Of course you say it is an outrage to give a certificate to such a girl. But our county superintendents can't help themselves. We have got to have the \$30 a month school teacher to supply the \$30 a month school district. The only way to abolish the \$30 a month school teacher is to abolish the \$30 a month school district—by consolidation or otherwise. If one teacher's certificate was good in a district that paid less than \$50 a month, three-fourths of the schools of the state would close. But the girl took the job and went out there."

MUST BELIEVE IT.

When Well Known Jacksonville People Tell It So Plainly.

When public endorsement is made by a representative citizen of Jacksonville the proof is positive. You must believe it. Read this testimony. Every sufferer of kidney backache, every man, woman or child with kidney trouble will do well to read the following:

Mrs. Thomas Davis, 830 Beasley avenue, Jacksonville, Ill., says: "I was a sufferer from kidney complaint for many years and my entire system was affected. I had nerve pains in my back, felt weak and languid and had but little energy. As I had often heard of Doan's Kidney Pills, I decided to try them and a short time ago I procured a box at Armstrong's drug store. Since using this remedy, I have had less pain in my back and have felt better in every way. In return for the benefit I have already received, I heartily recommend Doan's Kidney Pills."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

GRAND JURY VISITS JAIL.

The grand jury made a visit Wednesday to the county jail. Although they have not yet made their report, it is said that they found everything in splendid shape and were well pleased with the manner in which affairs at the jail are conducted by Sheriff Rogers. The jurors will visit the poor farm to day.

There are people in this town who unthinkingly neglect a "mere cold" although they would not otherwise expose their children or themselves to danger. Yet a cold neglected may develop into contagious diphtheria, bronchitis or pneumonia. Use Foley's Honey and Tar Compound promptly for its stops coughs quickly and cures colds. It contains no opiates and is safe for children. City Drug store, J. A. Obermeyer.

DON'T GROW BALD YOUNG MAN

Take Care of Your Hair While You Have Hair to Take Care of.

It's a safe ten to one bet that the young man who uses PARISIAN Sage as an occasional hair dressing will never grow bald.

There's a reason, of course, and it's a very good and sufficient one. Dandruff germs cause falling hair and falling hair means thinner hair and in due time baldness.

PARISIAN Sage prevents baldness by destroying the cause of baldness—the little persistent voracious dandruff germ.

If you have dandruff or itching scalp it means that dandruff germs are sapping the vitality from the roots of your hair. Get rid of all hair troubles by using PARISIAN Sage.

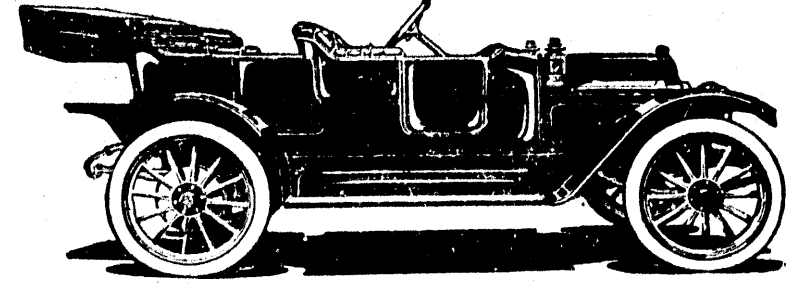

It is not a dye, mind you, neither does it contain poisonous sugar of lead or even sulphur. It is a scientific preparation that abolishes dandruff, stops falling hair and scalp itch and makes hair grow lustrous and luxuriant.

Many young women as well as men are growing bald and for the same reason.

Use delightful, refreshing PARISIAN Sage; it nourishes the hair roots if the roots are not dead, and brings to every user a head of glorious hair—radiant and fascinating. Large bottle for 50c at drug stores and toilet counters. See that you get PARISIAN Sage.

Coover & Shreve guarantee it.

Grain Letter.
Chicago, May 15.—Wheat—Related to the market and much short selling by local traders have lost their force and stories of improvement appeal more to the traders. Fields said to be gaining in appearance. Much of the green that shows up can be attributed to weeds in many places. Temporarily the conditions lends color to the story of improvement. Cash sales for out shipment are bringing wheat here from elsewhere to fill contract. A short crop of spring wheat appear practically a certainty. A reaction after an advance of 20 cents it not out of line with a normal condition, however.

Corn—May congestion as well as wet weather led local traders to bid up price. The market gave a considerable show of strength until weakness in wheat developed. The persistently unsatisfactory weather gives color to the fear enormous area intended for corn may not be fully planted. It is too early for this to be a serious matter and unless the weather forecast for improved conditions materializes there is good reason for apprehension.

The Rock Island railroad report indicated 10 per cent to 15 per cent increase in Southeastern Arkansas. The recent severe break in cash corn has temporarily stimulated demand. Buyers will not follow up any advance. Good pastures and high prices curtail consumption. Corn commercially is not worth May price, but the short side of this delivery is dangerous. Many sharp rallies may occur, a serious sympathetic effect on futures. Conditions seem to justify the sale of July corn rallies.

Oats—Nervous within a narrow limits. Crop news not very satisfactory. Some reports of a large area are coming from parts of Indiana. General reports indicates reduced area resulting from scarcity of good seed as well as a high price for the same. Further delays in the season strengthen the hope that July oats can be nothing but old crop, which should sell at high price, owing to exhausted supplies before the end of July. High priced hay is said to be responsible for some cutting of oats to feed in the southwest, but this cannot be too sensitive. It is, however, a factor. The situation is strong and we believe high prices will prevail and believe that oats bought and well protected will enable one to realize large profits.

MEAT LOSSES ARE SHOWN

One Hundred Thousand Pounds
Condemned at Jacksonville Packing
Plant During Past Year.

One hundred thousand pounds of meat condemned by U. S. government inspectors at the Jacksonville Packing company plant during the past twelve months, consisting of the following:

Thirteen head of cattle; parts of 22 head of cattle; 176 head of hogs; parts of 700 head of hogs; 15,600 pounds of miscellaneous product, making a total of a little over 100,000 pounds of product.

Placing a value of 6 cents per pound live on cattle and hogs condemned, it would amount to a loss of \$6,000.00. The meats condemned are made into fertilizer.

The causes of these condemnations are divided among various diseases, but those most prevalent are tuberculosis, septicaemia, abscesses and cholera. About approximately 90 per cent of the loss of these condemnations fall upon the Jacksonville Packing company and the remaining 10 per cent on the producer.

Eighty per cent of the condemnations of cattle and hogs at this plant are due to tuberculosis. It is the policy of the Jacksonville Packing company, after discovering tuberculosis in hogs or cattle coming from a certain district, to buy thereafter live stock from that section only subject to it being passed as healthy and wholesome by their government inspectors. With the exception of four markets, all dealers in Jacksonville handle U. S. government inspected meats. The condemnations for the past year are about an average of the yearly loss sustained by this company through diseased animals.

The facts set forth above give evidence of the nature of government meat inspection.

STATE NEWS.

Alex Wood, an aged and respected citizen of Litchfield, died suddenly a short time since.

The Galesburg Evening Mail celebrated its twenty-ninth anniversary with a fine celebration and great scal.

Two burglars looted two places in Galesburg and one of them, Barney Kenney, a youth of unsavory reputation was caught.

Kewanee has quite a Belgian population and many of them are taking an annual migration to the sugar beet fields of Wisconsin where they find employment for the season.

Charles Hillegass of Naperville went deranged over the death of his wife, went to the cemetery and took up her body, after emptying his revolver at a man who tried to stop him. He took the remains to his house where he talks to the lifeless form in endearing terms and threatens to shoot any one who interferes with him.

A great lot of fish escaped from the Burlington road reservoir in Knox county during an overflow and a lot of fine ones were captured in the creek below.

There is a hot fight in Joliet over the Sunday theater laws now in force. A large petition was secured by the theater men for their repeal and friends of the law say hundreds of the petitioners are minors.

LAWS OF WAR.

Rules That Govern the Civilized Powers of the World.

As at present formulated by the civilized powers of the world, the "laws of war" forbid the use of poison against the enemy; murder by treachery, as, for example, assuming the uniforms or displaying the flags of foes; the murder of those who have surrendered, whether upon condition or at discretion; declarations that no quarter will be given to an enemy; the use of such arms or projectiles as will cause unnecessary pain or suffering to an enemy; the abuse of a flag of truce to gain information concerning an enemy's position; all unnecessary destruction of property, whether public or private.

These laws also assert that only fortified places shall be besieged, open cities or villages not to be subject to siege or bombardment; that public buildings of whatever character, whether belonging to state or church, shall be spared; that plundering by private soldiers or their officers shall be considered inadmissible; that prisoners shall be treated with common humanity; that the personal effects and private property of prisoners, except their arms and ammunition, shall be respected; that the population of an enemy's country shall be considered exempt from participation in the war unless by hostile acts they provoke the ill will of the enemy.—New York Press.

SHARING THE SORROW.

A Kindly Custom of the Arabs When a Baby Dies.

"Arabs east of the Jordan have a custom which shows a kindly feeling one toward another," writes a traveler. "If a man's horse dies next to his and his best companion, his neighbor will bring in another horse and put it in the stall of the dead one and allow it to remain seven days, thinking in some measure to make up for the loss of the dead animal."

"The women also do something similar when a baby dies. A relation or friend will give the bereaved mother her own baby to nurse and care for during seven days. In that time the parent is supposed to become reconciled to her loss."

"Memory calls up a touching incident that occurred in our domestic life in Mohb. Soon after our advent into that land my wife had the misfortune to lose a little one. It soon became known, and the women were very grieved about it. A day or two after a young chief that had always been kindly disposed toward us presented himself at our door. I asked him in."

He entered and from under his cloak brought a tiny white lamb. He put it into my wife's arms, saying: "I'm sorry for your loss and if I had a baby would have lent it to you to care for until you had got over your grief. I had this lamb, so have brought it for you to look after, feed and care for."

Buried Forests.

A writer in *Gardners' (London) Chronicle*, describing the Kauri forests on the west coast of New Zealand, says that in places they have buried forests beneath them. It seems incredible that trees roughly estimated at 2,000 years old should have other still older trees under them. The sap wood of these buried trees quickly goes to dust, but the heart wood is perfectly sound, and much capital is invested by sawmills in getting the wood out. Kauri gum, which is now used extensively for special varnishes and other branches of the mechanical arts, is the product of these trees and is dug up like a mineral from swampy land where the trees have been buried and disappeared through ages of decay. The Kauri (*Dammara australis*) is a species of fir and a very valuable timber tree.

The Latin of It.

There is in a certain city a lady librarian with a fondness for Latin phrases that sometimes require more than a knowledge of Latin to fathom. Recently a visitor to the library inquired pleasantly how she had spent her vacation, to which the lady librarian replied idly, "Oh, I just took a little jaunt up to New York via train and came home vice versa."

"You returned—how?" gasped the visitor.

"Vice versa," repeated the lady librarian blandly. "By steamer, don't you know?"—Philadelphia Saturday Evening Post.

Vouched For.

Here's a conversation we actually overheard:

"Hello, Jim! How are you? Fine. How's your old friend James?"

"Doing nicely. He's gone in for a course in health culture."

"That so? Well, he can stand it. He always did have a magnificent constitution."—Cleveland Plain Dealer.

Nothing Left.

Stricken with remorse at his own rapacity, the taxicab driver said to the departing passenger:

"Sure, you didn't leave anything in the cab?"

"No," said the man sadly. "I gave it all to you."—New York Press.

The Limit.

"He has a remarkable gift of self concentration, I am told."

"Yes, indeed! Why, he could sit and play solitaire in a woman's conversation club."—Cleveland Plain Dealer.

The New Dove Cote.

"They tell me you have planted your suburban place beautifully. Have you any creepers about the house?"

"Yes, twins."—Baltimore American.

THE MAKING OF A MORPHINE FIEND.

Most Drug Fiends Started on the Road to Perdition by Incompetent Doctors Who Prescribe Its Use.

It is a generally recognized fact that the great majority of opium, morphine and cocaine fiends are given their first start on downward road by some practicing physician. The doctor, being either too lazy to make a thorough examination, or incapable of correctly diagnosing the real, underlying cause of the disease, simply administers some opium or other poisonous narcotic and the pain quickly vanishes.

But pain or disease is not cured by opium or morphine. These drugs simply deaden the nerves so that the pain is not felt for a time, but this drug effect soon wears off and the pain is as bad as ever, and the condition is much worse. Another trip is made to the doctor, who gives more morphine to relieve again for a short time.

If this method of treatment is continued very long the patient soon becomes a confirmed morphine fiend and would be better off in his grave. While the doctor who ruined a life reflects his fee and blithely awaits another victim.

One of the reasons for the phenomenal success of the United Doctors is the fact that they never use morphine, opium or other such narcotics to relieve or cover up pain. Their method is invariably to search out and remove the cause underlying the disease. That is the only way in which a permanent cure can be made.

The following letter illustrates the difference between the methods of the United Doctors and ordinary doctors:

"To the Suffering Public:
"I would like to say that over two years ago I had what the doctors call gravel. At first the attacks were not close together, but they kept getting closer and worse all the time until a year ago last August when I had an attack which put me in bed for three days, and the doctors could give me no relief except by the use of morphine.
"Again in October I had such a severe attack that I felt I would die,

for I could get no relief from anything except large quantities of morphine, and that failed to give me any relief after four or five days.

"I was in bed with this awful suffering for two weeks and my physicians decided that I had stones in the kidneys. They operated on me, but failed to find the stone and I continued to have these attacks very severely, at intervals, until I called on the United Doctors.

"After an examination they told me they had found the cause of my trouble and could cure me, and as a last resort I decided to take their treatment. Two weeks after starting I felt that I was improved, and my pain has been continuous ever since. It is four months now since I started and I feel that I am entirely well.

"I make this statement for the reason that I owe my life, my health and my ability to earn a living to the United Doctors, and it is a pleasure to tell others where to find the right treatment after all others have failed.

"Yours truly,
"Louis Rasmussen.

"Fremont, Neb."
The United Doctors' Jacksonville office, on the second floor of the Farmers Bank building, is open only on each second Friday and Saturday. The next date on which it will be open is Friday and Saturday, May 17th and 18th.

WILL MEET SATURDAY.

On account of the Illinois college May Day fete yesterday the Parent-Teachers' association will meet Saturday afternoon at 3 o'clock at the high school. Mrs. E. P. Cleary, Mrs. A. L. Adams will make reports from the mothers' congress. Mrs. A. G. Burr will make a report on the schools of Gary, Ind. Matters concerning the play ground association will be discussed. All who are interested in these matters are urged to be present.

It is now well known that not more than one case of rheumatism in ten requires internal treatment whatever. All that is needed is a free application of Chamberlain's Liniment and massaging the parts at each application. Try it and see how quickly it will relieve the pain and soreness. Sold by all dealers.

Special Non-Leakable pens for ladies' handbags—

Conklin's
Self-Filling Fountain Pen

The Conklin Pen is most appreciated by women, because it is self-filling, self-cleaning and non-leakable, and because it won't balk, blot or scratch.

Another splendid feature is that it doesn't require any special ink—you can fill it with any kind that's handy. Just dip it in the nearest ink bottle, whether you are at home, at office or traveling.

This is invaluable to one seldom near a supply of special fountain pen ink.

Fully guaranteed; your money back if not satisfied.
